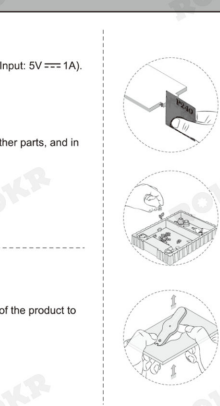
WARNING:

- This product is powered by USB connection and does not contain Type-C power cord, which must be provided by yourself (Input: 5V ⎓ 1A).
- Not suitable for children under 3 years old.
- The product shall only be used with a transformer for product or a power supply for it.
- The product shall be used with the power supply supplied, if the transformer is supplied with the product.
- The transformer or power supply is not a toy or model.
- Misuse of transformer can cause electrical shock.
- The power supply used with the electric toy shall be regularly examined for damage to the supply cord, plug, enclosure or other parts, and in the event of damage, it shall not be used until the damage has been repaired.
- Do not connect the wire to output socket.
- The product is not to be connected to more than the recommended number of power supplies.
- If the product contains motor, motor may be a hot component. Do not touch it to avoid burns while operating.
- This product is only to be connected to equipment bearing either of the following symbols: ⧈ or ◈.
- This product does not need liquid cleaning, and please clean the product with clean soft cloth.
- The instruction must be retained since it contains important information.

NOTICE:

- Children should be accompanied by adults while assembling.
- The product contains small parts and electronic components. Adults should guide and supervise children in the correct use of the product to prevent ingestion or choking.
- Please read the instructions carefully before assembly to confirm that the parts are not damaged or missing.
- Take off the pieces from the board according to each step before assembling and place them properly in case of missing.
- Please install the electronic components correctly and test whether the circuit is normal after completion.
- Please don't clean this product with chemical cleaners: alcohol, ammonia water, glass cleaner, etc.
- Please clean the product with clean soft cloth, and sand the board burr lightly with sandpaper.
- Please keep the product away from flammable substances and humid environments to prevent damage.



Polish the edges with sandpaper if there are burrs on pieces or it's hard to insert.

Put small parts into the bag to prevent loss.

Remove the part by pressing its back to reduce burrs.

FAQs:

Problem	Reason	Solution
1. How to solve the fracture of parts?	1. Parts are fragile and applied with too much force. 2. Some parts are marked with pressure application point. Do not press non-pressure application point or at the end of the long pieces.	1. Take off the pieces carefully. 2. Some fragile pieces have spare ones to replace. 3. Contact our customer service for free replacement parts. 4. Adhesive can be used if the decorative part (non-drive function part) breaks.
2. It's hard to assemble parts. What should I do?	1. Some transmission parts may fit tightly, and tools can be used to assist in pressing.	1. Check for assembling errors. 2. Press with the tool.

Part list (Tips: suggest to put the parts in a box to prevent loss.)

Bag No.1

Item	Shaft sleeve	Double-sided adhesive dot	M2 gasket screw	M2 yellow screw	M2 yellow screw	M3 screw	M3 screw	Steel shaft	Steel shaft	Round head rivet	Square counterweight	Ring counterweight	Metal handle
